Through The Registrar of

ಮಾರ್ಗವಾಗಿ,

Sir,

I am inviting your kind attention to the correspondence ending with your letter No 1937 Fne 65-164 dated 16th Sept 1916 informing that the vacant site opposite to the Mulo Opthalmic Hospital is reported to be not available for building purposes, etc, I am directed to state that the Bank had approached the City Municipal

in the connection but no favourable reply was received in the matter.

Now it is understood that the plot of ground belongs to Government and that it is under contemplation to grant it to the Sri Sarada Shri samaja for putting up a buildings thereon.

In the connection I beg to state that this site is extremely inconvenient for a Ladys association, as it is bounded on three sides by public roads and by a conservancy lane on the fourth and as it has no depth, which is quite essential for the purpose for which it is now proposed to be granted.

Since 1908 we have been repeatedly urging

(5

urging the Municipality for the grant of the site to us and so venture to submit that we have a preferential claim to the site if it is to be given for building purposes.

The business of the Bank is growing volume year after year and this Bank is one of the few biggest Co-operative institutions in the State and the necessity for having a building of its own in a central locality in the Bangalore city is being felt more and more keenly and no better place can be thought of than the one under reference which is an ideal site for an institution like ours

This Bank is prepared to construct a good building with an attractive frontage so as to be in keeping with the surroundings.

Under these circumstances I pray that orders may be kindly passed for the g

of this site to the Bank free of cost or at
at a reasonable upset price.
